Blackberry Tequila Lemon Cooler

Ingredients

- 1/2 cup fresh blackberries, plus more for serving
- 1 tbsp fresh thyme leaves, plus more for serving
- 1/2 cup (4 ounces) silver tequila
- 2 cups lemonade
- sparkling water, for topping

Instructions

Fill a cocktail glass with ice.

In a cocktail shaker or glass jar, add blackberries and thyme and muddle together, squashing the berries to release the juices from the fruit. Add the tequila and strain into the prepared glass. Add the lemonade. Top off with sparkling water. Serve with fresh berries and thyme. Drink!
